## Schools Ready To Open September 2

(Continued from Page 1)  
activities of new subjects this year. The principal of the school said, "Such additional work is not possible this year because the superintendent of high schools has raised the number of students per teacher load over the city. We will have an average class of 19 to 19 1/2 students per teacher in Torrance. This move, it is explained by the school authorities, saves the salaries of over 100 high school instructors in the Los Angeles city system alone."  
A new policy of citizenship or department will be in vogue this year.

## Gift of Class of 1930 on Display

When the students enter the auditorium for the first time Tuesday morning they will see the gift of the Senior Class of 1930 on the stage.  
The class' contribution consists of a massive speaker's table, about 24 feet long and 60 inches wide, with five high-backed chairs to match. The furniture will fill a long-felt need in most of the assembly events in the future. Principal Herbert S. Wood said that the class of '30 purchased the furniture from Huddleston's.

Another change is noted in the rule that there shall no longer be any "principal's recommendation" to assist a graduate of a high school to enter the university.  
A graduate from the senior high school must have 12 1/2 credits now, all made above the ninth grade to enter the University of California.  
"It is more important now than ever before," Principal Wood declared, "that a student pick a course and stay with it throughout his high school career. He must have certain definite academic subjects to his credit and high grades in order to be acceptable to the university and junior college. The matter of a student's entering college is taken out of the principal's hands now and put directly up to the student."  
Principal Wood also reported that new requirements for graduation are in effect this year. A new system of credits has been adopted by the high schools of the city at the suggestion of University of California authorities. Where a solid subject, one that is taught five days a week, was formerly considered as one credit, it now becomes five credits.

## Evangelist Party Is at Nazarene Church

"Those who have been attending our services at the Church of the Nazarene since the Ransom evangelistic party have been with us, have been receiving in the beautiful singing that Rev. Ransom and his son, Harold, have been furnishing." Alice Elsa Smith, the pastor, said today. "They have voices of rare quality and their spirit-filled singing is very unusual. Rev. Ransom does not only sing, but his positive preaching is reaching the hearts of his audience."  
This week being the last week of the meeting, the remaining nights will be filled with real treat of good things. In addition to the regular program Friday night Miss Eva Ewell will sing. Miss Ewell is a graduate of Pasadena college and a daughter of Rev. E. J. Ewell, pastor of the Emmanuel church, of West Los Angeles.

## Demand for Homes Here Continues

(Continued from Page 1)  
C. Beck, 2232 Sierra avenue; C. G. Holmes, 2212 Sierra avenue; W. M. Bentley, 1011 1/2 Coia avenue, and R. A. Truck, 2024 Gramercy avenue.  
Mrs. Mary Vonderahe reports considerable activity with rentals during the past month. Families occupying homes supplied through the courtesy of the Vonderahe Realty Company are as follows:  
John Jansen, 1925 Carson street; C. G. Hormel, 1307 Amapola avenue; S. C. Kelly, 1522 Amapola avenue; S. H. Stout, 2183 and Western; Dan Sullivan, 2183 and Martina; J. G. Matthews, 1720 Andree; Nelson Reeve, 1531 Cedar; C. L. Oekerman, 1600 21st street; W. L. Trauszer, 2614 Elgin, Lomita, and G. Fulton, 1411 Cedar street.

## New Electrical Clocks Installed

A complete new electrical clock and bell system has been installed at the Torrance high school this summer which will greatly assist in the maintenance of regular classes with no delays. The new system was installed at a cost of \$1325, Principal Wood said today.  
The old method of ringing classes depended upon storage battery which proved too weak to sound the furthest bells, he said. Now the school employs an alternating current system directly off the light circuit.  
Another improvement is noted in the erection of a partition in the newly painted boys' gym. This partition was put in so that baskets of gym suits can be placed under lock and key to be issued only by student monitors. This will eliminate much petty theft of clothing at the school, the principal pointed out.

## Let US Brighten up those Dim Headlights...

Have your automobile headlights grown dim? That is often an indication of a run-down battery.  
Don't neglect this warning until it is too late. It will cost you nothing to have us check the condition of your battery and give it the attention it should have.

## Harvel's Willard STORAGE BATTERIES

### DAYS OF SUFFERING NOW QUICKLY ENDED

The next time you start one of these days, get the instant relief you get with Dillard's Anestrum. Almost before you know it the pain disappears, your nerves suddenly relax. With Anestrum you chew the pain away. For it is the finest aspirin obtainable put up in chewing gum form. Now you can take aspirin any time, any place. No water. No bitter taste. No choking sensation. Because you chew Dillard's Anestrum the aspirin enters thoroughly with the saliva so that all its soothing qualities are effective quickly, continuously.  
It brings quick relief from aching heads, toothache, the pains of neuritis, neuralgia, even rheumatism. If your druggist does not have Dillard's Anestrum, send for a free sample to Health Products Corporation, Dept. A, 113 North 13th Street, Newark, N. J.

### THE NEW CARS and modern traffic conditions — speed — short stops — small wheels — quick-acting brakes and plenty of use for them — demand more than the general run of tires can give.

But those who use India tires can still count on season after season of uninterrupted service.

Whether it is the regular balloon tire — the Super-Service Balloon or the New Heavy Service for buses and trucks — India Tires give to modern conditions a new measure of mileage.

Try this new measure on your own car.

You will find our complete tire service measures up to the quality of the tires we sell.

Come in and look us over when you need tires.

### AROUND THE WORLD IN FIVE MINUTES

A world communication record was made in San Francisco recently from the stage of the Civic Auditorium, where the fifty-third convention of the National Electric Light Association was convening, when a thirty-eight word message was flashed around the globe in five minutes. The message, in breaking the previous record of eight minutes, was relayed through five stations, Guam, Shanghai, London, New York and San Francisco. Photo shows the presentation of the New York and San Francisco. Photo shows the presentation of the New York and San Francisco. Photo shows the presentation of the New York and San Francisco.

Mrs. M. Louise Lynch, past noble grand of the Trio Rebekah lodge, was elected to call on all sick members of the lodge in Torrance at a meeting of the organization last night. Members are requested to call 527 or 46-W in case of sickness and notify Mrs. Lynch.
